### Important Information to Know about STD Testing:

If an individual tests positive for a sexually transmitted disease, including HIV, Syphilis, Gonorrhea, Chlamydia or Hepatitis C, the positive result is reported to the State of Colorado Department of Health. Partners of the individual will receive notification, counseling, testing and referral services. (This information was provided by the Colorado Department of Public Health and Environment (CDPHE), STD/HIV Client Based Prevention Program.)

If you notice any changes or inconsistencies with our resources, please inform Navigation to help us stay current.

- \$65.00 charge for patients outside of these counties
- Spanish speaking services available.
