Center for Recovery

303-694-7492

2121 S. Oneida St. #412, Denver, CO 80224

www.centerforrecovery.net

- Offers substance abuse intensive outpatient treatment programs for teens 15+ years old
- Our treatment program focuses on self-esteem, peer issues, relationship issues, family issues, and mental health issues, in addition to drug/alcohol issues. Program is unique because they believe that self-esteem, self-confidence, and core issues must be addressed in order for teenagers to maintain abstinence from drugs and alcohol.
- Contact for more information about the treatment program

Denver Family Therapy Center – Adolescent Substance Abuse Program (ASAP)

303-456-0600 x120

4891 Independence St., Ste 165, Wheat Ridge, CO 80033

<http://www.denverfamilytherapycenter.com/>

- Intensive outpatient treatment serving adolescents from the ages of 13-19. The program consists of individual therapy, family therapy, several group therapies, structured job searching, and assessments
- The first step to enroll is to contact the main referral line listed above and provide the intake person with your name, your child's name, a phone number to contact you, your insurance (if applicable), and indicate that you are interested in the ASAP program.
- Accepts Medicaid and various other major insurance companies; No sliding scale, but willing to work with families by setting up an appropriate payment plan that will fit within the family's budget.
