What is a Civil Union?

A Civil union is a form of state-level relationship recognition that provides committed gay and lesbian couples with the critical legal protections they need to be able to take care of each other.

One Colorado Education Fund

One Colorado Education Fund is our 501(c)(3) sister organization. Although both One Colorado and One Colorado Education Fund share a mission to secure protections and opportunities for lesbian, gay, bisexual, and transgender Coloradans and their families, the organizations differ in their work.

Through the Education Fund, we provide educational programming on LGBT issues, conduct research to understand public opinions, mobilize a community of LGBT people and straight allies, and develop campaigns to build public support for fairness and equality.
