If you notice any changes or inconsistencies with our resources, please inform Navigation to help us stay current.

What is DBT?

- Teaches client skills to help regulate emotions, improve relationships, and prevent self-destructive behavior.
- Used largely for borderline personality disorder, eating disorders, and substance abuse.
- Can be used in a variety of settings, specifically children and adolescence.

Aurora Mental Health Center

303-617-2300

<https://www.auroramhr.org>

- Locations throughout Aurora
- Must be a client with Aurora Mental Health Center

Ben Digati, LPCC

720-699-8353

2150 W. 29th Avenue #310, Denver, CO 80211

<https://www.bendigati.com/>

- Offer two DBT groups for adolescents, one for ages 15-18 years and another for 18-26 years
- Also offers parent support workshops.

Cherry Creek Psychotherapy

303-909-9054

1325 S Colorado Blvd, Suite B-108, Denver, CO 80222

<https://cherrycreekpsychotherapy.com/>

- Group therapy programs for adolescents, ages 12–17, and young adults ages 18–29
- Cherry Creek Psychotherapy has created and uses a unique, “hybrid” version of Dialectical Behavior Therapy (DBT) that has modified the traditional DBT teachings to be more age-appropriate while incorporating Cognitive Behavior Therapy (CBT) and other types of therapeutic practices.

Children’s Hospital – Outpatient Services

720-777-6200

<https://www.childrenscolorado.org/doctors-and-departments/departments/psych/programs/outpatient-services-therapy/group-therapy/>

- Dialectical Behavior Therapy Group for teens 13 to 17 years old
- The Depressed/Bipolar Dysregulated Dialectical Behavior Therapy (DBT) Group provides treatment for adolescents with mood difficulties such as depression or bipolar disorder. Teens and parents learn coping skills to regulate their emotions, tolerate distress, engage with others effectively, be mindful, and use relaxation strategies.
