### **Child and Youth Mental Health Treatment Act (CYMTHA)**

This act allows families to access mental health treatment services for their child or youth. This is an alternative to child welfare involvement when a dependency and neglect action isn't warranted.

#### **Eligibility:**

- Must have a mental health diagnosis
- Must be at risk of out of home placement
- Isn't eligible for Medicaid
- Accesses the program prior to their 18<sup>th</sup> birthday
- Doesn't have a pending or current dependency and neglect action with child welfare.

#### **Things to Consider:**

- Parents or the legal guardian are responsible for 7% of the total costs of treatment provided under the act and must pay a minimum of \$50 per calendar month.
- If a child or youth is placed in residential care under this funding, the parent or legal guardian must apply for SSI for the child or youth within 10 business days.

#### **For more information on Liaison contacts for funding and provider lists:**
