## Jefferson County

### **Addiction Research and Treatment Services (ARTS) – Peer One University, CO Health Sciences Center**

303-336-1600

[arts.intake@ucdenver.edu](mailto:arts.intake@ucdenver.edu)

3738 W. Princeton Circle, Denver, CO 80236

<https://www.artstreatment.com/>

- Offers comprehensive drug and alcohol treatment services to individuals whose lives have become unmanageable as a result of substances.
- Programs offer residential programs for adults, outpatient services for adults and adolescents, pharmacological treatments (including methadone suboxone, and vivitrol), aftercare services, relapse prevention, individual therapy, group therapy, family counseling, art therapy, and monitored UAs and BAs.
  - Specialized substance use treatment for women, criminal justice clients, and HIV+ individuals.
- Most clients are expected to pay a fee based on their ability to pay. Many services are covered by insurance, public benefits, or grants. Sliding scale offered for those who cannot afford to pay.
- Hours: Monday-Friday, 7:30AM-4:30PM

### **Crisis and Recovery Center - Jefferson Center for Mental Health (open 24/7/365)**

303-463-7400

4643 Wadsworth Blvd., Wheat Ridge, CO 80033

<https://www.jcmh.org/withdrawal-management-detox-2/>

- The primary goals of the withdrawal management program are to monitor patients as they safely withdraw from drugs and/or alcohol, assist in increasing motivation for change so ongoing recovery is possible, actively link patients to services for ongoing care, and provide a safety net for the community.
- Brief Admission Criteria:
  - 18 years or older
  - Intoxicated or under the influence of alcohol and/or drugs or in withdrawal
  - Must not require medical care while in detox
  - Must be mobile and able to provide for their own personal care
  - The individual should not be physically violent
- Accepts Medicaid, some private insurance, and self-pay. Fees are based on daily rates for a calendar day or any part of a calendar day.

### **Choices in Living Counseling Center**

- Walk-in screening for the Lakewood and surround areas is welcome.
  - Clients need only bring their form and a valid Federal or State picture ID for fast and easy service.
  - Additional services include mobile collections, random call-in, and on-site urine scans, as well as breath-alcohol testing, Antabuse monitoring, and hair follicle testing.
- Payment options: Private pay only – \$25. Cash or credit card, no checks
- Monday – Friday, 8:30AM-8:00PM. Saturday by appointment.

## Solace Counseling Services

303-975-1922

6655 W Jewell Ave, Suite 100, Lakewood CO 80232

<https://solacecolorado.com/>

- Monitored sobriety services include breathalyzers, 8-10 Panel urine analysis (drugs), ETG urine analysis (alcohol), full compliance reporting, and Norchem/Sentry System.

## 5280 Drug Testing Company

720-476-4970

6059 S. Quebec St., #100, Greenwood Village, CO 80111

<http://www.5280drugtesting.com>

- Drug testing: Customizable 5 panel to 17 panel. Drug panels can include ETG. Window of detection varies. Same-day and lab-based urine and oral results available.
- Alcohol testing: ETG (Ethyl Glucuronide). Urine ETG has a window of detection of approximately 72-80 hours. Same day and lab-based urine results available.
- Hair follicle testing: Panel can be customized to include drugs and alcohol (ETG). Window of detection approximately 90 days for head hair and up to 1 year for body hair.
- Fingernail and toenail testing: Panel can be customized to include drugs and alcohol. Window of detection approximately 3-6 months for fingernails and 6-9 months for toenails.
- PEth Testing: (Phosphatidylethanol): This blood test uses a direct alcohol biomarker to indicate exposure to alcohol going back 2-4 weeks. Accurate indicator of intentional excessive, prolonged or binge use of alcohol and cannot be affected by incidental topical exposure, such as isopropyl alcohol or hand sanitizer.
- ChildGuard® hair exposure testing: ChildGuard® reports a positive result if either native drugs or drug metabolites are detected, giving strong insight about the child's environment. ChildGuard® can provide evidence of substance use in a child's environment for the past 3 months and can be performed on donors of any age. 5, 7 & 9 panel.
- Provides services for probation, DUI and other court related cases but does not offer services to violent criminals or sex offenders.
